- S. Flagrant Action of Runner.** There have been cases reported in which the base runner upon seeing the catcher or another fielder who has the ball waiting for the runner, remains on his feet and deliberately with great force crashes into the defensive player hoping to jar the fielder so hard he will drop the ball. When this occurs, it is the umpire's duty to declare the runner out for such unsportsmanship action. Furthermore, when the action of any runner is interpreted by the umpire as being flagrant, the violator shall be disqualified from the game.
- T. Interference Rule.** If there is a play at 2nd, 3rd, or home bases, the runner is required to attempt to avoid interference with the fielder. The runner will be called out and the umpire may also call additional runners out as provided by baseball interference rules.

 2. **Extra Hitter.** Each team prior to the exchange of line-ups, may opt to use an Extra Hitter. The Extra Hitter (EH) will automatically constitute a 10-man batting order that will continue throughout the game.
 - a. If the team is unable to maintain a 10 man batting order throughout the game for any reason, an out will be recorded each time the open position comes to bat.
 - b. The position of the EH will be considered a defensive position. For example, the player filling the EH position could be changed to play right field and the right fielder placed on the bench to assume the EH role. This is merely a change of defensive positions and both players would continue to bat in their previous spots in the batting order.
- V. Courtesy Runner.** Courtesy runners will be allowed for pitchers and catchers after two outs have occurred. Courtesy runner must be a player who is not currently in the lineup or the player in the line-up who made the last out if there are no players on the bench. If the infielder attempts a play on a base runner, see Rule E.
- J. End of a Play.** Umpires shall call “Time” after every play and declare the ball dead. “Time” shall be called as the lead runner is not attempting advance. “Time” does not have to be called by the defense for the purpose of this rule. When a runner stands off the base and “jukes” or “feints” back and forth, this is to be interpreted as “not attempting to advance” and “Time” shall be called.
- L. Pitcher Position.** The pitcher shall always take position behind the front legs of the pitching machine and either on the left or the right side. Pitcher may move in front of the machine after the ball is pitched.
- M. Ball Hits Machine.** If the batted ball hits the pitching machine or field umpire, the umpires shall call the ball dead and award the batter first base. The umpire may also call a dead ball if, in their judgment, a dangerous play may result from a defensive player attempting a play near the pitching machine.
Note: If the batter is awarded first base as a result of a dead ball, base runners may advance only if forced.

- B.** Only the manager, coach and team captain may enter into discussion with an umpire, relative to an umpire's decision.
